Reflection on 2007-2008

Individual reflection and sharing with members about the progress that has been made in 2007-2008 in districts related to TAG initiatives, programming, services, etc.

Let's learn from each other and celebrate successes.

Thank you all for the hard work and effort that you have given to this organization this year. Without you, the many programs that are provided for students through GDCTN would not happen. You have touched the lives of so many students through the contributions that you have made on their behalf. May you all have a wonderful summer to recharge and refresh after a very busy year. Thanks for a great 2007-2008.

Sharon Daly
